

Hospital Hearing Reports

To access the hearing reports, click on the HOSPITAL HEARING REPORTS link from the left navigation bar.

The screenshot shows a web browser window titled "EBC 1.9 (User: TSMITH) - Windows Internet Explorer". The address bar shows the URL "https://virebdev.rdh.virginia.gov/visits/visits.html". The left navigation bar contains the following links:

- Infant Search
- Reports/Forms
 - Hospital Hearing Reports
- Main Menu
- App. Help
- Logout

The main content area is titled "Infant Search" and contains the following form fields:

Child:

First Name:		Middle Name:	
Last Name:		Gender:	
Date of Birth (MM/DD/YYYY):		TO	
VISITS ID:		Historical VISITS ID:	

Mother:

First Name:		Middle Name:	
Last Name:		Maiden Name:	
Date of Birth (MM/DD/YYYY):		Mother Medical Record Number:	

Father:

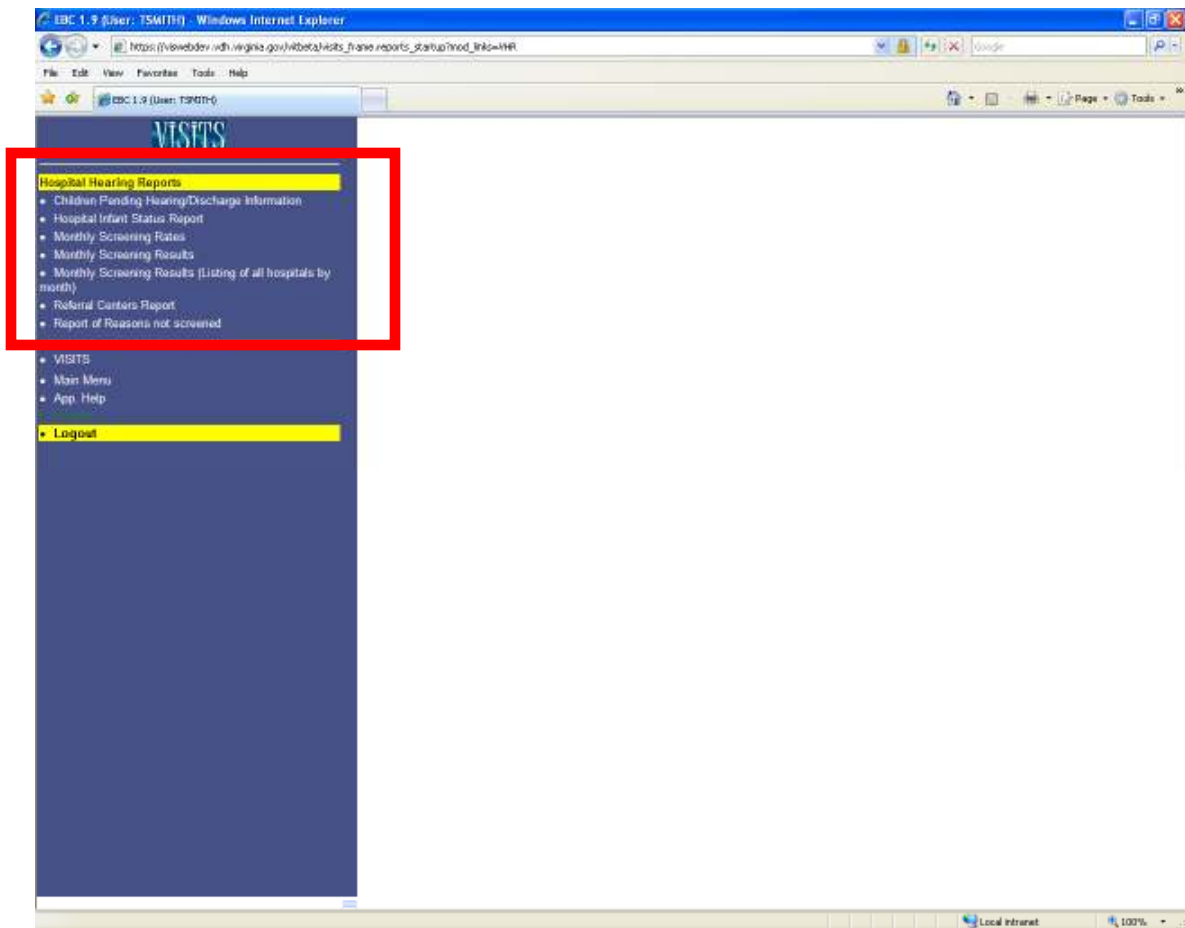

First Name:		Middle Name:	
Last Name:		Date of Birth (MM/DD/YYYY):	

Screening Information:

Reporting Facility:	
VISITS Medical Record Number:	

Buttons: Query, Undo

Links: HELP, VQADV

The Hospital Hearing Reports main menu page is displayed.

The following reports are available to a hospital user:

- Children Pending Hearing/Discharge Information
- Hospital Infant Status Report
- Monthly Screening Rates
- Monthly Screening Results
- Monthly Screening Results (Listing of all hospitals by month)
- Referral Centers Report
- Report of Reasons not screened

Most of these reports are from the VISITS-I application.

There is a difference in the way the report parameters are entered and the results are viewed. To run the first report, you will need to click on the name of the report, CHILDREN PENDING HEARING/DISCHARGE INFORMATION, from the left navigation bar and enter the criteria to run the report.

Child Pending Hearing/Discharge Information

The screenshot shows a web application interface for 'VISITS'. The browser window title is 'EBC 1.9 (User: TSMITH) - Windows Internet Explorer'. The address bar shows a URL from 'https://viewerdev.rdh.virginia.gov/vbeta/visits_frame_reports_startup/med_links=VHR'. The left sidebar has a menu with 'Hospital Hearing Reports' expanded, listing several report types, with 'Children Pending Hearing/Discharge Information' selected. The main content area is titled 'Children Pending Hearing/Discharge Information'. It contains a form with the following elements: a 'Date of Birth' field with a 'Date of birth should be entered' note, a 'Reporting Facility' dropdown menu currently showing 'HENRICO DOCTORS - FOREST HOSPITAL', and two buttons: 'Run Report' and 'Undo'. A red rectangle highlights the form area. The status bar at the bottom indicates 'Local intranet' and '100%' zoom.

Upon selecting the first link, the Children Pending Hearing/Discharge Information report parameters page is displayed.

This report generates a list of infants, at your hospital, that still have pending discharge information and hearing screening results. When you first log into the application, this is the report that you see.

It is important to know that every report will not have the same parameter page, i.e. search criteria may be different for each report.

Notice that the REPORTING FACILITY field has been pre-populated. This field has been defaulted based upon your user login information. Whatever facility your username is associated to will be displayed in this field. As a hospital user, you can only run reports for the facility that you are associated to in the system.

The screenshot shows a web browser window with the URL https://viewerdev.wdh.virginia.gov/vbeta/visits_frame_reports_status/med_links=VHR. The page title is "VISITS". The left sidebar contains a menu with the following items: "Hospital Hearing Reports", "Children Pending Hearing/Discharge Information", "Hospital Infant Status Report", "Monthly Screening Rates", "Monthly Screening Results", "Monthly Screening Results (Listing of all hospitals by month)", "Referral Centers Report", "Report of Reasons not screened", "VISITS", "Main Menu", "App. Help", and "Logout". The main content area is titled "Children Pending Hearing/Discharge Information". It contains a form with the following fields: "Date of Birth:" with a range from "11/01/2009" to "11/30/2009", "Reporting Facility:" with a dropdown menu showing "HENRICO DOCTORS - FOREST HOSPITAL", and "Run Report" and "Undo" buttons. A red arrow points to the "Date of Birth" field. Below the form, there is a "HELP" link and a "VHXCHS" link. The status bar at the bottom shows "Done" and "Local intranet".

Most of the reports include an option to enter parameters with a range. The DATE OF BIRTH field is an example of a date range field. By entering the DATE OF BIRTH, as displayed above, we are trying to search for all pending hearing/discharge records where the child's date of birth is from 11/01/2009 to 11/30/2009.

The RUN REPORT button can be clicked to review the report.

Upon successfully running the report, the Children Pending Hearing/Discharge Information report is displayed.

If you run the report and there is no data displayed, you may have to try different parameters or broaden your search criteria.

Every report will display:

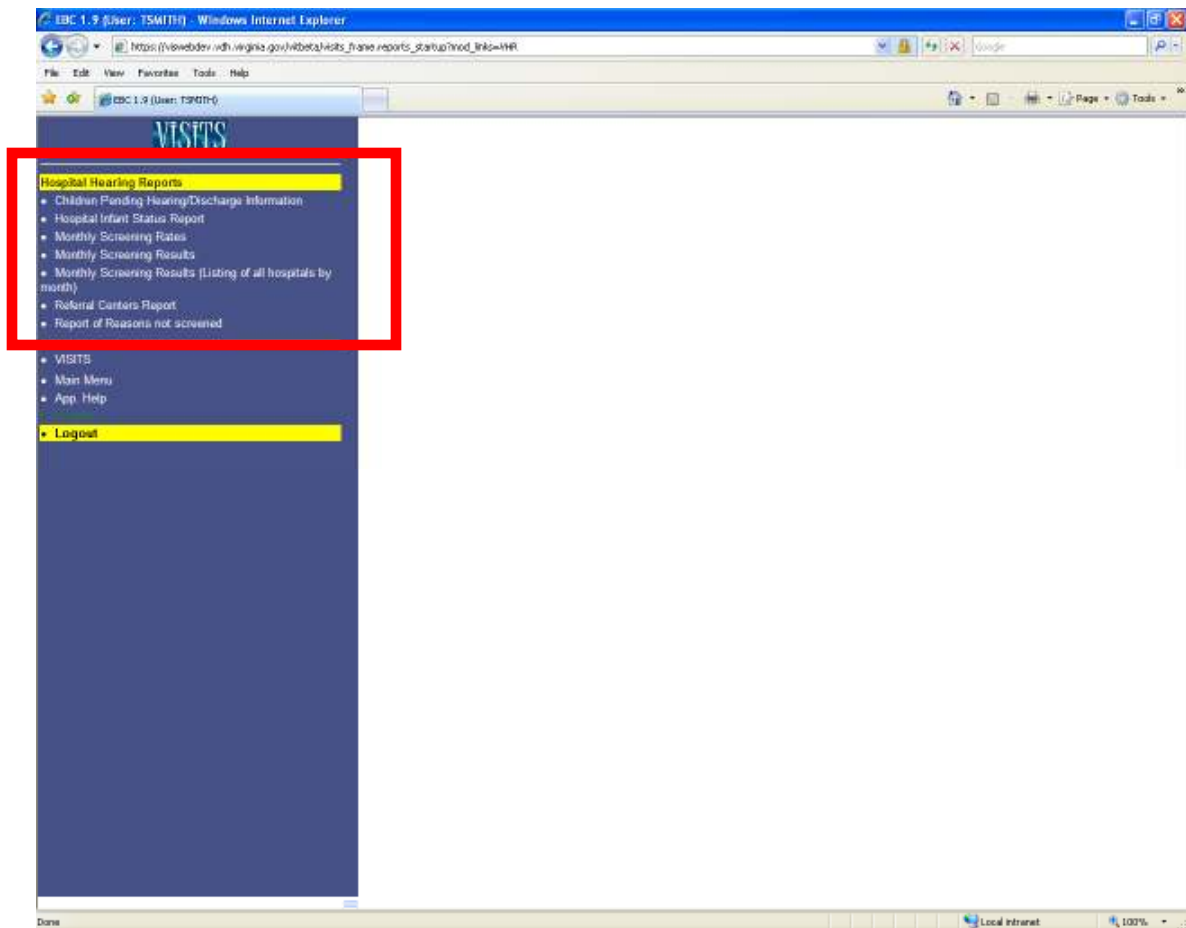

- the report name
- the date in which the report was run
- the search criteria used to run the report

From this screen, you will be able to print the report. By clicking on the PRINT button, at the top of the report, you can easily print the output of the report to your printer.

It is important to know that whenever a client's name is displayed on the report, you can click on that name and navigate directly to the client's record. This functionality is useful for verifying the client's information.

When we clicked on the first client's name, we were navigated to the CHILD REGISTRATION screen for that client.

From here, you can easily navigate back to the hospital reports by clicking on the HOSPITAL HEARING REPORTS link from the left navigation bar.

Again, the Hospital Hearing Reports main menu page is displayed. From here, you can access any of the reports displayed.

Hospital Infant Status Report

The screenshot shows a web browser window titled "EBC 1.9 (User: TSMITH) - Windows Internet Explorer". The address bar displays the URL: https://viewerdev.wdh.virginia.gov/vibeta/visits_frame/reports_status/mod_links=VHR. The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The browser's status bar at the bottom shows "Done", "Local intranet", and "100%".

The application interface has a dark blue sidebar on the left with the "VISITS" logo at the top. The sidebar contains a list of links: "Hospital Hearing Reports", "Hospital Infant Status Report" (which is circled in red), "Monthly Screening Results", "Monthly Screening Results (Listing of all hospitals by month)", "Referral Centers Report", "Report of Reasons not screened", "VISITS", "Main Menu", "App. Help", and "Logout".

The main content area is titled "Hospital Infant Status Report". It includes a sub-header "Either Date of Birth or Discharge Date or Screening Date should be entered". Below this, there are four date selection fields: "Screening Date: *", "Discharge Date: *", "Date of Birth: *", and "Date Created:". Each field has a "TO" label and a date picker. The "Reporting Facility:" dropdown menu is set to "HENRICO DOCTORS' - FOREST HOSPITAL". Below these fields are "Run Report" and "Undo" buttons. At the bottom of the main area, there are "HELP" and "VHXM" links.

Upon selecting the HOSPITAL INFANT STATUS REPORT link, the Hospital Infant Status Report parameters page is displayed.

This report displays all infants reported in VISITS-II and their status, for the selected period of time.

When entering the search parameters for this report, it is important to know that the date range fields cannot exceed a two year span.

Monthly Screening Rates

The screenshot shows a web browser window with the URL https://viewerdev.wdh.virginia.gov/vbeta/visits_frame_reports_startup/mod_links=VHR. The page title is "VISITS". On the left sidebar, under "Hospital Hearing Reports", the "Monthly Screening Rates" link is highlighted with a red circle. The main content area is titled "Monthly Screening Rates" and contains the following form fields:

- Screening Date: * (Two input boxes with "TO" between them)
- Discharge Date: * (Two input boxes with "TO" between them)
- Date of Birth: * (Two input boxes with "TO" between them)
- Reporting Facility: * (Dropdown menu showing "HENRICO DOCTORS' - FOREST HOSPITAL")
- Buttons: "Run Report" and "Undo"
- Links: "HELP" and "VHXHIST"

At the bottom of the page, there is a status bar showing "Done" and "Local intranet 100%".

Upon selecting the MONTHLY SCREENING RATES link, the Monthly Screening Rates report parameters page is displayed.

This report displays the screening rate, prior to discharge from the hospital. It will show you the total number of children discharged to home by your hospital and out of those, how many were missed, refused and screened.

Monthly Screening Results

The screenshot shows a web browser window titled "EBC 1.9 (User: TSMITH) - Windows Internet Explorer". The address bar displays the URL: https://viewerdev.wdh.virginia.gov/vbeta/visits_frame_reports_startup/mod_links=VHR. The browser's status bar at the bottom indicates "Local intranet" and "100%".

The application interface has a dark blue sidebar on the left with the "VISITS" logo at the top. The sidebar contains a menu with the following items:

- Hospital Hearing Reports
 - Children Pending Hearing/Discharge Information
 - Hospital Hearing Report
 - Monthly Screening Rates
 - Monthly Screening Results** (highlighted with a red circle)
 - Monthly Screening Results by Reporting of all hospitals by mother
 - Referral Centers Report
 - Report of Reasons not screened
- VISITS
 - Main Menu
 - App. Help
- Logout

The main content area is titled "Monthly Screening Results". It includes a sub-header: "Either Date of Birth or Discharge Date or Screening Date should be entered". Below this, there are three date selection fields:

- Screening Date: * [] TO []
- Discharge Date: * [] TO []
- Date of Birth: * [] TO []

Below the date fields is a "Reporting Facility:" dropdown menu with "HENRICO DOCTORS' - FOREST HOSPITAL" selected. At the bottom of the form are two buttons: "Run Report" and "Undo".

At the bottom of the main content area, there are two links: "HELP" and "VHXMSR".

Upon selecting the MONTHLY SCREENING RESULTS link, the Monthly Screening Results report parameters page is displayed.

This report displays the total number of infants screened prior to discharge and the results of that screening.

Monthly Screening Results (Listing of all hospitals by month)

The screenshot shows a web browser window with the URL https://viewerdev.wdh.virginia.gov/vbeta/visits_frame/reports_startup/mod_links=VHR. The page title is "VISITS". The left sidebar contains a menu with the following items:

- Hospital Hearing Reports
 - Children Pending Hearing/Discharge Information
 - Hospital Infant Status Report
 - Monthly Screening Results
 - Monthly Screening Results (Listing of all hospitals by month)
 - Monthly Screening Results (Listing of all hospitals by month)
 - Report of Reasons not screened
- Logout

The main content area is titled "Monthly Screening Results (Listing of all hospitals by month)". It contains a form with the following fields:

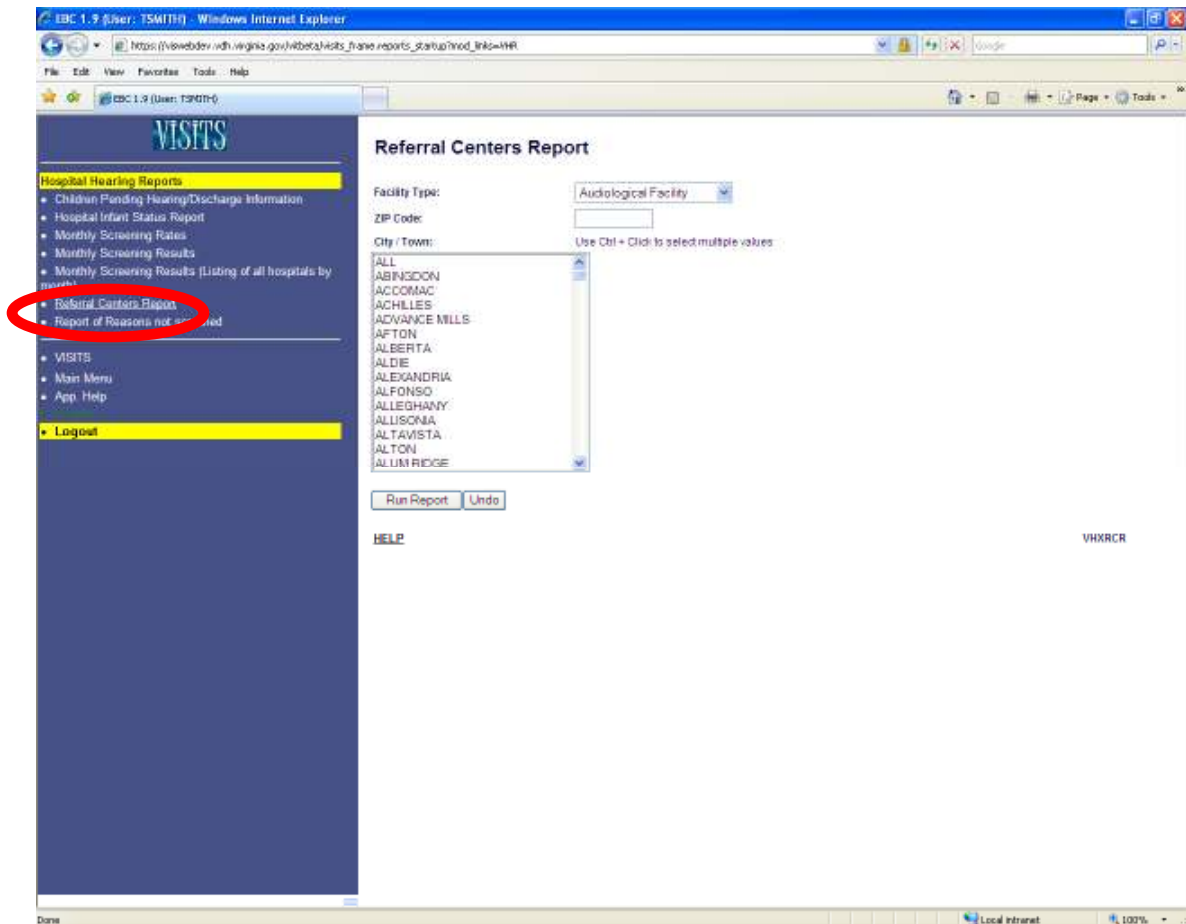

- Screening Date: * (Date input field)
- Discharge Date: * (Date input field)
- Date of Birth: * (Date input field)
- Reporting Facility: (Dropdown menu showing "HENRICO DOCTORS' - FOREST HOSPITAL")

Below the form are buttons for "Run Report" and "Undo". There is also a "HELP" link and a "VHXIISH" button.

Upon selecting the MONTHLY SCREENING RESULTS (LISTING OF ALL HOSPITALS BY MONTH) link, the Monthly Screening Results (Listing of all hospitals by month) report parameters page is displayed.

This report displays the total number of infants screened prior to discharge and the results of that screening.

Referral Centers Report

Upon selecting the MONTHLY REFERRAL CENTERS REPORT link, the Referral Centers Report parameters page is displayed.

This report generates a list of referral centers by city/town.

It is important to know that from this report, you can view or print a list of approved audiologists, infant and toddler centers, pediatricians, local health departments, and other list of centers.

Report of Reasons not screened

The screenshot shows a web browser window with the title "EBC 1.9 (User: TSMITH) - Windows Internet Explorer". The address bar shows the URL "https://viewerdev.wdh.virginia.gov/vbeta/visits_frame_reports_startup/mod_links=VHR". The page displays the "VISITS" logo and a sidebar menu on the left. The sidebar menu includes "Hospital Hearing Reports" (highlighted in yellow), "Children Pending Hearing/Discharge Information", "Hospital Infant Status Report", "Monthly Screening Rates", "Monthly Screening Results", "Monthly Screening Results (Listing of all hospitals by month)", "national Centers Report", "Report of Reasons not screened" (circled in red), "VISITS", "Main Menu", "App. Help", and "Logout" (highlighted in yellow). The main content area is titled "Report of Reasons not screened" and contains a form with the following fields: "Screening Date: *", "Discharge Date: *", "Date of Birth: *", and "Reporting Facility: *". The "Reporting Facility" dropdown is set to "HENRICO DOCTORS' - FOREST HOSPITAL". There are "Run Report" and "Undo" buttons. A "HELP" link is visible at the bottom left, and "VHXKHS" is at the bottom right. The status bar at the bottom shows "Done", "Local intranet", and "100%".

Report of Reasons not screened

Either Date of Birth or Discharge Date or Screening Date should be entered

Screening Date: * TO

Discharge Date: * TO

Date of Birth: * TO

Reporting Facility:

[HELP](#) VHXKHS

Upon selecting the REPORT OF REASONS NOT SCREENED, the Report of Reasons not Screen report parameters page is displayed.

This report displays the total number of infants that were not screened. The report is sorted by the reason for not screening; Missed, Parents Refused (other reason), Parents Refused (religious exemption), Transferred to in state hospital and Transferred to out of state hospital.
